**Foz do Iguaçu**  
**more than 260**  
**thousand people**  
**in need to hear the**  
**gospel of Jesus.**

Nadia and I have been married for 30 years. We came to the US to prepare ourselves to better serve our Lord in Brazil. We completed the two years' program and missions at SIBI and graduated with a bachelor's degree from Psychology by Lubbock Christian University. After our studies in the US we went back to Brazil as missionaries to plant churches in cities with more than 200 thousand people where there is no Church of Christ. We have been in this mission for 18 years and we have worked in 8 different cities so far. We are blessed to be able to go, preach and bring people to Christ. We are thankful to all sponsors that have made this work a reality. Partnership is so important, it saves lives.

We have a 21 years old daughter, Hannah. She was born in US and went to Brazil with us when she was 4. She came back to the US when she was 17 to go to college. Now she is at her last semester at Lubbock Christian University. She is a blessing to us and we are very proud of her. As long as we live we are willing to go preaching to save one more to Christ at a time. May God bless us to fulfill His great commission:

*"Go and make disciples of all nations, baptizing them, in the name of the Father and the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you."* Mathew 28:19-20

### WHY BRAZIL?

A Country the size of the United States

- Brazil is the size of 48 US states and has 215 million people.
- It occupies half the continent of South America and it has half of its population.
- Thousands of large cities do not have churches, including some of more than a million population
- 87 % of the population is catholic.
- There are only a few Churches of Christ in Southern Brazil.

### CITIES THAT WERE IMPACTED BY OUR MISSION WORK

8 cities have been impacted by the good news of Jesus because of your heart for mission. We appreciate so much your partnership.

### GOD'S BLESSINGS UPON OUR MISSION WORK:

### OUR NEXT TARGET:

**Foz do Iguaçu** is our next target. A city with more than 260 **thousand** people. In this city there are the biggest Buddhist temple in South America and a huge Muslim temple. The majority of muslims that are in Brazil live in Foz do

Iguaçu. 61% of the population is Catholic. It has borders with Paraguay and Argentina; many people live in Brazil and work during the day in these neighboring countries. There is no Church of Christ there yet, but it is coming soon, God willing!

This city is in a great need to hear the gospel of Jesus, please join our team so we can start a Lord's church where people will hear the truth.

**We are the missionaries willing to go to Foz do Iguaçu to preach the Gospel of our Jesus. Here we are, please send us!**
